

SEMINAR SERIES IN Biostatistics, Epidemiology, and Public Health

December 3, 2020

13:30 - 14:30

Zoom (MEETING ID) 624 4794 6309

Dr. Juan Jesus Carrero

Karolinska Institutet
Stockholm, Sweden

The Stockholm CREAtinine Measurements (SCREAM) project. The only database you need to hear about in 2020

In this seminar, Carrero will present the rationale and creation of the SCREAM project, a healthcare utilization cohort from the region of Stockholm that combines health registers and laboratory data in about 1.8 Million citizens over the period 2006-2019. Carrero will provide examples of analytical possibilities within SCREAM and present opportunities for collaboration.
